ABOUT ME

Hardworking and highly motivated computer engineer experienced with backend development. Over the past 18 months, I have actively engaged in complex software development projects, gaining practical, hands-on experience in the field, where I developed my technical skills and collaborated with diverse teams to deliver high-quality software solutions. I am eager to learn and gain valuable knowledge and experience to widen my horizons as a young engineer.

EXPERIENCE

Junior Software Engineer | Knowledge | October 2022 - April 2024 (1 year 8 months)

- Completion of a sort-term project regarding a bank system

External Partner, Junior Software Engineer | Uni Systems | December 2022 - April 2024 (1 year 6 months)

- Participation in multi-million projects regarding bank and court systems
-
